Bilbao

Hello, I'm Yelyzaveta, but you can call me Liza. I'm a graduated software engineer with strong motivation of amplifying my experience and knowledge as well as career growth. I always try to do my best for the tasks and I get really inspired by seeing results of my work.

## EXPERIENCE

### Web development

I've built more than 50 projects to practice my skills, there are some of them:

- [personal portfolio](#) - built with React (Hooks),
- [amazon clone](#) - ecommerce website using React (Hooks & Context API), Node.js, express, firebase and stripe.js api,
- some projects using API built with node.js, express and mongoDB such as url shortening app, bitcoin ticker, weather app, newsletter signup app.

More projects you can see by visiting [my web](#).

### Salesforce development (Intern, autumn 2018)

My tasks consisted of taking a trailhead course and resolving some typical tasks of junior developer at the company:

- backend development - apex,
- frontend development - lightning framework.

### Freelance Russian-English interpretation (2015-2017)

## EDUCATION

### Udemy (2020)

- The complete web development bootcamp
- React - The complete guide (incl Hooks, React Router, Redux)

### FreeCodeCamp (2019-2020)

- Responsive Web Design
- JavaScript Algorithms and Data Structures
- Frontend Libraries

### Software engineering (Odesa Polytechnic University, 2014-2019)

Apart from software engineering major I've also participated in different scientific and cultural events such as

- Summer school of Augmented reality,
- Front-end semester,
- Summer school of Spanish,
- Conferences.

As one of the best students of my faculty I had an opportunity to complete a part of my studies in Polytechnic University of Valencia and University of Basque Country.

## SKILLS
